

“Sólo cabe progresar cuando se piensa en grande, sólo es posible avanzar cuando se mira lejos” (Ortega y Gasset)

Profile Information

1 Presentation

Since 2008 Professional Training Solutions (STP Consulting) is located in Zaragoza (Spain) and it offers training and technical support to private companies, public bodies, schools, NGOs into innovation in the areas of education sector, and professionalization of non-profit sector. Contribute with our services to intercultural change, and to accessibility of innovation and information for people and communities with a social risk as well as disadvantages. Our main activity is to improve educational, social and cultural standards by intensive **co-operation** with other EU regions. Therefore, STP is highly active in the development and implementation of **educational/vocational trainings** as well as in the implementation and **promotion of EU projects** dealing with education, culture and society.

STP collaborates with many institutions and organizations, private and public, at local and regional level offering courses and workshops in different topics and subjects and counseling as well.

A highly trained team of professionals, all from different backgrounds, administration, business, ICT, lawyers, junior entrepreneurs, senior entrepreneurs and experienced teachers in business coaching.

2 Mission

We want to offer consultancy, training and technical support that will allow to access companies and public bodies into innovation in the areas of sustainable development, tourism, environment, project management, financial management and professionalization of non-profit sector. Furthermore, Our organization opens and highly motivated for exploiting new opportunities for collaborating with different institutions from different countries and creating awareness about the need of using new methods in teaching as we think that entrepreneurship is essential and must be a part of education at all levels.
